

## **PUBLIC NOTICE**

### **NOTICE UNDER SECTION 38 OF THE ROAD TRAFFIC ACT 1994 (AS AMENDED)**

#### **SAFE ROUTES TO SCHOOL – GLANMIRE COMMUNITY COLLEGE**

Pursuant to the provisions of Section 38 of the Road Traffic Act 1994 (as amended), Cork City Council hereby gives notice of its intention to carry out various safety improvement measures to improve pedestrian and cycling infrastructure and the front of school environment at Glanmire Community College, Hazelwood Road, Glanmire as part of the Safe Routes to School programme.

The main features of the proposed works are as follows:

- Upgrade of the existing controlled crossing adjacent to Glanmire Community College to that of a raised, toucan crossing, as a means of calming traffic in the interest of cyclist and pedestrian safety.
- Upgrade of the existing zebra crossing to the East of Hazelwood to that of a raised zebra crossing.
- The provision of raised continuous footpaths across vehicular entrances to highlight pedestrian priority at the Front of School.
- The provision of road markings to highlight a shared cyclist/vehicle carriageway.
- The provision of advanced warning signage, road markings and high friction coloured surfacing, on the approach to the Front of School Gateway, as a means of calming traffic in the interest of cyclist and pedestrian safety.
- The provision of build outs for in line Bus Stops.
- Road realignment including narrowing of the carriageway to facilitate traffic calming.
- Other necessary associated ancillary works.

In accordance with the Habitats Directive, an Appropriate Assessment (AA) Screening has been carried out on the proposed scheme, in relation to any potential impacts upon the Cork Harbour Special Protection Area [Site No. 004030] and the Great Island Channel Special Area of Conservation [Site No. 001058]. The findings of the AA screening noted that no significant effects on any Natura 2000 sites are likely and it was not necessary to undertake any further stage of the Appropriate Assessment process. In addition, the proposed scheme has been screened to determine whether an Environmental Impact Assessment (EIA) is required and it has been concluded that there will be no real likelihood of significant effects on the environment arising from the proposed scheme and that an EIA is not required.

Plans and particulars of the proposed works will be available for public inspection from **Tuesday 09<sup>th</sup> of April 2024** until **Monday 13<sup>th</sup> of May 2024**.

- electronically via Cork City Council's Online Consultation Portal at <https://consult.corkcity.ie>
- at the public reception desk of Cork City Council's offices at City Hall, Anglesea Street, Cork T12 T997, between the hours of 9:00am – 4:00pm, Monday to Friday excluding bank holidays.

A physical copy of the plans and particulars may be requested by interested parties. Requests for documents may be made by emailing [traffic@corkcity.ie](mailto:traffic@corkcity.ie), or by sending a written request to "Executive Engineer, Traffic Operations, Room 337, City Hall, Anglesea St., Cork, T12 T997"

Submissions and observations with respect to the proposed works may be made;

- electronically via Cork City Council's Online Consultation Portal at <https://consult.corkcity.ie>
- in writing to "Executive Engineer, Traffic Operations, Room 337, City Hall, Anglesea Street, Cork, T12 T997"

The deadline for receipt of submissions and observations is **4:00 pm on Monday 13<sup>th</sup> of May 2024**.

All comments, including names and addresses of those making submissions and observations, submitted to Cork City Council in regard to this scheme, will form part of the statutorily required report to be presented at the monthly

meeting of Cork City Council. Accordingly, they will be included in the minutes of that meeting and may appear in the public domain. Cork City Council will retain data for no longer than is necessary and in accordance with the Council's Retention Policy and relevant Data Protection legislation.
