

Comhairle Cathrach Chorcaí
Cork City Council

Nomination Form for

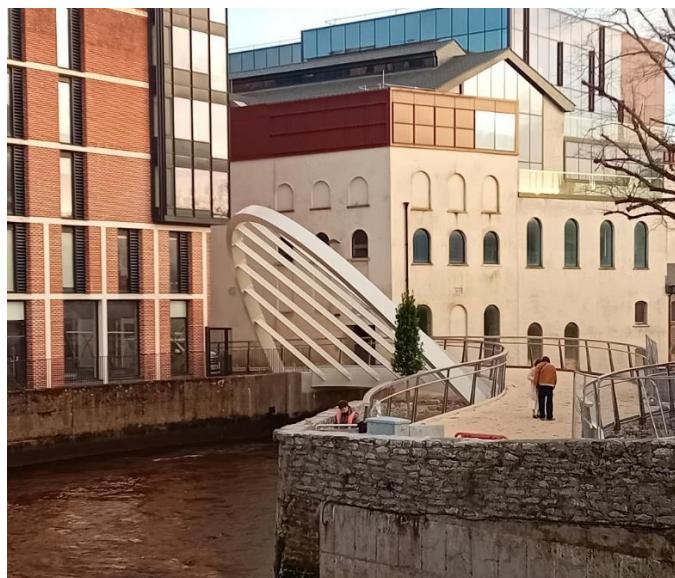

Naming of new pedestrian/cycle bridge linking Lamley's Lane (off South Main Street) and Crosses Green.

Background

The new bridge is now open to the public. It connects Crosses Green to South Main Street via Lamley's Lane. The bridge provides a direct connection between the City Centre and Crosses Green/ Wandesford Quay.

The bridge's curved alignment was designed to respond to the complex conditions created by its position on the bend of the south channel of the River Lee. The design: - mirrors the curvature of the river channel at this location, it protects and preserves the large lime tree on Crosses Green, it serves the primary user desire line towards Clarkes Bridge and ensures sufficient river clearance is achieved.

The bridge was manufactured off-site and installed during the summer of 2025, the 27-meter-long structure has been open to the public since November, and its benefits are already evident.

Suggested Name

Biographical/Historical Information

In respect of the person / event / organisation etc detailing the reason for the nomination.

Declaration/ Endorsement

I understand that the information provided in this nomination will be used for the purpose of naming the bridge linking Lamley's Lane (off South Main Street) and Crosses Green, Cork. I understand that nominations will be assessed by a committee, with a recommendation put to full Council for final approval. I understand that my name will be published in a report to Council.
