

CORK CITY DEVELOPMENT PLAN 2022 – 2028

Proposed Variation No. 3

NPF Implementation: Housing Growth Requirements, Rural Housing Policy & related updates

Part B

Volume 2: Mapped Objectives

Mapping amendments

April 2026

Comhairle Cathrach Chorcaí
Cork City Council

Structure of Part B

There are two types of mapping amendments proposed.

1. Proposed Zoning Amendments

These mapping amendments propose to change the land-use zoning objective of land. These proposed zoning amendments are presented geographically per Local Electoral Area. Some of the proposed zoning amendments have associated text proposed to be included in the main written body of the City Development Plan. Any such accompanying text is included in **Part A, Volume 1: Written Statement** and cross-referenced in the table on the next page.

2. Proposed Designation of “Long Term Strategic Development Lands”

These mapping amendments do not change land-use zoning objectives but designate lands as “long term strategic development lands”, which are identified as strategic development lands required beyond the current City Development Plan period to achieve the City’s growth targets for 2040.

Legend Map

A legend map, indicating the location of each of the proposed mapping amendments, is provided for information purposes. This map is only provided as a navigational tool to assist in identifying the location of the mapping amendments included under (1) and (2) above, and does not propose, confer or imply any change in zoning, designation or other amendment. Refer to the actual zoning amendments proposed under (1) and the long-term strategic development lands designations proposed under (2).

2. Proposed Designation of “Long Term Strategic Development Lands”

Explanatory note:

4 sites are proposed as “Long Term Strategic Development Lands”. They are zoned “ZO 20 City Hinterland” as they are considered as being unlikely to be serviced during the lifetime of this development plan, but are identified as being strategic land, required beyond this Plan period to fulfil the City’s ambitions in achieving the growth targets for 2040. These lands are identified as long term strategic sites needing long term planning and service delivery. Section 2.4 of the NPF Implementation: Housing Growth Requirements Guidelines for Planning Authorities (2025) allows for such lands to be identified, particularly in the five cities and Metropolitan Area Strategic Plan areas. Paragraph 2.52 of the Cork City Development Plan 2022-2028 contains further details of these lands.

Site A	Clash Road and Carriganarra Road, Carrigrohane	15.56 ha
Site B	Church Hill, Carrigrohane	3.21 ha
Site C	Model Farm Road, Carrigrohane	19.87 ha
Site D	Scotch Lane, Carrigrohane	1.47 ha
TOTAL		40.11 ha
