Nomination Form

Naming of new bridge to be constructed over the N40/South Ring Road connecting Grange/Frankfield to Tramore Valley Park via a 4m wide pedestrian and cycle path.

Background

The Grange Road to Tramore Valley Park Pedestrian and Cycle Link consists of a pedestrian and cycle path from the Grange Road down the Valley and into the Tramore Valley Park via an overbridge over the N40 and is currently under construction with an expected completion date of September 2023. The path will be 4m wide and circa 995m long and includes a bridge over the N40 South Ring Road.

The bridge consists of two sections. The smaller section to the south of the N40 spanning the Harbour and City Watermain and the main section spanning the N40 which is approximately 46m in length, 4m in width and is of “Bow Arch” construction. It will form an iconic and highly visible element of the scheme and will become a landmark for future generations.

Elements of the bridge will be delivered to site over the coming weeks and its installation is planned for mid April.

Guidelines

The following guidelines are issued to assist in the nomination and selection of a name for the new pedestrian/cycle bridge over the N40/South Ring Road –

- All nominations must include a name and contact details. Nominations will not be considered without this information.
- The name should honour a significant event, individual or group/organisation or reflect important local features or geographical location.
- In the case of an event or person or group/organisation the name should honour and celebrate an event, individual or group/organisation of major significance and reflect positively on the City of Cork or its development over time.
- In the case of a person being nominated he/she should have made a unique and outstanding contribution to the life or history of Cork through outstanding achievement, distinctive service, or significant community contribution. The person/s should have been born or lived in Cork or have had strong and/or enduring connections with the city.
- In the case of an event to be commemorated, this should have occurred in Cork. An event will have to have occurred at least 20 years previously unless it is of extraordinary and long-lasting consequence to the city.
- Proposals to commemorate living persons will not be considered. Nominees should have died at least 20 years previously or have passed the centenary of their birth whichever is earlier. A lesser period may be considered by Council if deemed appropriate.
- The name should be appropriate to the function, location, and historical context of the new infrastructure.
- In reviewing proposals consideration will be given to the existence of any other infrastructure, monuments or plaques that honour the event, person, or group/organisation. Consideration will also be given to the issue of gender balance.
