## Incorrect Zoning of lands in Kerry Pike

**Caibidil:** Volume 2 - Mapped Objectives » Zoning  
Maps

**Ábhair:** Zoning  
Maps

There is an error in the Cork City Development plan map for Kerry Pike area. I refer to Development Map No. 17 for Kerry Pike, where a section of land which is owned by my spouse and I, is included as "Zone 16 Public Open Space".

This is incorrect, and I request that this error is rectified. This land is private property.

Uploaded is a copy of land folio map 18768F which shows the lands owned, I have also uploaded a rural place map with coordinates of property highlighted.

A copy of map 17 is also uploaded which highlights my property, which has been incorrectly zoned.

The land in the map has never been a public open space.
