## 15 minute city

**Caibidil:** Volume 1 - Written Statement» 2. Core Strategy

**Ábhair:** 15 Minute City

We believe that the 15-minute city concept is achievable for all city neighbourhood by adopting a targeted approach to introduce key elements of cycling infrastructure, such as safe roundabouts and intersections, segregated cycle routes, lower speed limits, filtered permeability, and improved design which minimizes conflict points between pedestrians and cyclists.

**Eochairfhocail:** Key Growth Areas, public realm, 15-minute City, health & safety
