Príomh-iarratais:

The re-zoning of our clients' lands from 'ZO 03 Tier 3 Residential Neighbourhoods' to 'ZO 02 New Residential Neighbourhood' in the upcoming Cork City Development Plan

Main reasons:

the site is located within close proximity to Blarney town centre and a range of existing services and facilities with easy access to sustainable modes of transport.

Our client's site has access to existing foul and storm water drainage and can cater for immediate residential development.

The subject site represents an area of underutilised land which is readily available for development. The site is also one of the few sites available which has the potential to accommodate immediate residential development
