Lee to Sea Greenway should be a specific objective

Caibidil: Volume 1 - Written Statement» 4. Transport and
Mobility

Ábhair: Cycle network, Sustainable transport targets, Route selection process

Seeing the International success of the Waterford Greenway (recently second in the Excellence Category at the 10th European Greenways Award) there seems to be an uncharacteristic local lack of ambition in not making the Lee to Sea Greenway a specific transport objective for planning and funding. This would be a catalyst for enhanced cycling within Cork, and a tourist attraction.
