I live and work in the city, we are a family of 4 with 2 small boys. I simply want to participate in helping the city improve and encourage policy makers to demonstrate ambition for the city.

Tuairimí:

Sporting and social facilities in the north side.

Ábhair: Neighbourhood and community development

Hi, I would like to highlight disparity of provision of social infrastructure within the city, particularly on the north side.

I live on Gardiner's Hill, the closest park for children to play is Fitzgerald's park, marina park is on the south side, Railway park is not fit for purpose.

I would like to see specific provision for connectivity by safe segregated bicycle path to the schools in the city specifically gaelscoil an gort Alainn, st Pats and to the various secondary schools in the city, Getting across the river by bike is dangerous,

I would like to see identification of sites between mayfield and glanmire within the city boundaries for provision of a publicly owned 50m swimming pool and also an indoor athletics facility.

I would like to see specific action taken on the excessive derilection which is evident within the city from the. Roth east ward to the middle parish

Thanks

Brian
