## Cycling / Public transport

**Caibidil:** Volume 2 - Mapped Objectives » Zoning  
Maps

**Ábhair:** Zoning  
Maps

Although new cycling routes are proposed, the existing cycling routes need to be upgraded and maintained. The route from Ballincollig to the city disappears at various areas along the route.

Safe/secure bicycle parking needs to be provided, to encourage more people to cycle and use public transport, rather than run the risk of bicycle damage/theft

Solutions for safe walking to schools, separate from vehicles need to be provided to ease the parking / traffic scenario outside schools, it has become a significant issue in the area. This issue will become an even greater issue with the new residential neighbourhoods proposed
