Cork Commuter Coalition - CCDP 2022-28 Submission

Údar: Cork Commuter Coalition

Comhairliúchán:
Draft Cork City Development Plan 2022-2028

Dáta a cuireadh isteach: 04.10.2021 - 15:50

Litir Chumhdaigh

The Cork Commuter Coalition is a group advocating for improved public transport infrastructure and services in the Cork Metropolitan Area. Below is our submission to the Cork City Development Plan 2022-28. Our submission encompasses five different areas (bus, Luas, rail, other transport, and other), and provides input on what we believe would make Cork City a better place to live, work, do business, learn, and enjoy oneself. By no means an exhaustive list, it outlines what we believe the City Council can do to improve transport from 2022-28 and beyond, including working with various groups to achieve vital improvements for the people of Cork.

Tuairimí:

Cork City Development Plan Submission
