Objection to Amendments 1.241 & 1.247 which involve the building of a road over the Lee and into Marina Park.

Caibidil: Volume 1 - Written Statement» 4. Transport and Mobility

Ábhair: Transport and Mobility

To whom it may concern,

I wish to object to Amendments 1.241 & 1.247 which involve the building of a road over the Lee and into Marina Park.

This is not something a progressive city serious about climate change and the climate emergency we are in should be doing.

Please remove this from Cork's development plan. It will wreck the area and increase traffic and all the negative impacts that has - both for the environment and those living and visiting our lovely city.

Thank you.
