I would like to object to amendments 1.241 and 1.247. We need to maintain the green spaces in Cork City. We have all seen the benefits of pedestrianising the marina and the opening of marina part, this will all be completely destroyed if we have an elevated arterial road cutting through it, bringing cars, lorries, noise and environmental pollution. We need to improve public transport, walking and cycling infrastructure and put the quality of our environment, planet and our own lives first and not the car.

Kind regards

Clare Twomey
