Order No.

Subject:

**Determination on the requirement for Appropriate Assessment for the proposed Mary Street, Douglas Street and White Street Public Realm Enhancement Scheme.**

Order:

On the recommendations of Gerry O'Beirne, Director of Services, Infrastructure Development and John Stapleton, Senior Engineer, Infrastructure Development and having considered the document titled "Appropriate Assessment Screening Report & Screening Determination for Mary Street, Douglas Street and White Street Public Realm Enhancement Scheme" for this project I have noted that the Appropriate Assessment Screening report contains a comprehensive analysis in accordance with the EU Habitats Directive (92/43/EEC and Section 177 of the Planning and Development Act 2000 as amended.

I am satisfied that the proposed development is unlikely to have an effect on any Natura 2000 sites, including the Cork Harbour SPA (004030) and the Great Island Channel cSAC (001058). I am further satisfied that it can be excluded, on the basis of objective information, that the proposed development, either individually or in combination with other plans or projects, will not have a significant effect on any European Site and I therefore deem that it is not necessary to undertake any further stage of the Appropriate Assessment process.

Accordingly, the proposed development shall proceed subject to the provisions of Section 179 of the Planning and Development Act 2000 as amended and the provisions of Part 8 of the Planning and Development Regulations 2001 as amended.

Dated this 10<sup>th</sup> day of June 2025
